

Changes Are Coming to the Oregon Health Plan (7/29/2026)

A new federal law, H.R. 1 (also called the One Big Beautiful Bill), requires changes to the Oregon Health Plan (OHP) starting in late 2026. Here's what to expect:

- **All OHP members** will need to renew their health coverage more often.
- **Healthier Oregon members** will move to Open Card coverage by January 1, 2027.
- **Some OHP members** enrolled through the ACA Medicaid Expansion or Healthier Oregon programs may need to meet new work or community engagement requirements to keep their coverage.

Black Therapist & Company, LLC is committed to partnering with you to help eligible OHP/CareOregon members stay covered. Please remember to do the following:

- Keep their contact information up to date at Benefits.Oregon.gov so the State of Oregon and CareOregon can communicate with them about how to keep their coverage
- Watch their mail, email, and texts so they can respond quickly to messages from the State or CareOregon

For more information about upcoming changes to the Oregon Health Plan, [visit the Oregon Health Authority's webpage at OHP.Oregon.gov/HR1](https://Benefits.Oregon.gov/HR1).
